A motivated final-year Computer Engineering student with a strong foundation in web development, problem-solving, and teamwork. I aim to leverage my skills in software development and project management to contribute to innovative solutions and grow as a professional in the tech industry.

➤ SKILLS

- **Programming Languages:** C++, JavaScript, Python
- **Tools & Platforms:** Git, GitHub
- **Web Development:** HTML, CSS, JavaScript, React js, Tailwind CSS
- **Problem-Solving:** Data Structures and Algorithms (DSA)

➤ EDUCATION

- **Bachelor of Engineering in Computer Engineering**
Sandip institute of engineering and management, Pune University
GPA: 7.67 | Year: 2026
- **Higher Secondary Certificate (HSC)**
KTHM college, Nashik
Percentage: 64.83% | Year: 2022

➤ PROJECTS

- **Todo List :**
 - **Description:** A to-do list application that allows users to add, update, delete, and mark tasks as completed. Designed with a clean and intuitive UI to enhance productivity. Built using React.js, the project emphasizes component reusability and state management. It also incorporates React's Context API to manage global state efficiently across the app.
 - **Tech Stack:** React js, JavaScript, HTML, Tailwind CSS Github: [Click Here](#)
- **ClickCart (E-commerce Website) :**
 - **Description:** ClickCart is a user-friendly front-end E-commerce website that allows users to browse products, add them to a cart, and submit inquiries via email. It uses a JSON-based product database and leverages browser local storage for cart persistence, providing a smooth and interactive shopping experience without needing a backend server.
 - **Tech Stack:** HTML, CSS, JavaScript, JSON, LocalStorage Github: [Click Here](#)
- **Currency Converter :**
 - **Description:** A responsive web application that converts currencies in real time using live exchange rates from a third-party API. Built with a clean, modern UI and supports dynamic currency selection and amount conversion.
 - **Tech Stack:** React js, JavaScript, HTML, Tailwind CSS Github: [Click Here](#)

➤ CERTIFICATIONS

- Git and GitHub Essentials by Great Learning Academy
- Web Development Basics Certificate by AcmeGrade Academy

➤ LEADERSHIP AND ACTIVITIES

- **Joint Secretary, Computer Engineering Students' Association (CESA):** Organized technical events and enhanced student engagement.
